

December 1993

**KUWAIT - DOCUMENTARY REQUIREMENTS**

We have been informed by the Embassy of the State of Kuwait that the Kuwaiti Customs Authorities will apply the Harmonised Commodity Description and Coding System (AHS) as from 1 January 1994.

We attach hereto the Packing List format which is required. There is no need to either certify or legalise the document, but it must be sent with the goods as it is considered a main document for clearance of any cargo.

The Tariff Classification of goods should be according to the AHS. If all the information required by this Packing List appears on the Invoice then a separate Packing List will not be required.
